About Us

Strategic Security Corp. (SSC) is one of the largest and most trusted manned security guarding companies that provides a full range of uniformed security guard services and emergency response armed guards for disasters or civil unrest. Our total security services include access control, property protection, law enforcement, criminal investigations, traffic control, canine explosives and drug detection, aviation support, river patrol, alarm equipment monitoring, and a Special Response Team. In the event of emergencies, declared disasters, civil unrest, or a human migration crisis, first responders and disaster service essential workers that require quick access to temporary life support facilities to sustain them as they manage the emergency SSC offers temporary life support facilities. As emergencies can last anywhere from weeks to months, it is crucial to have the ability to rapidly deploy high-quality armed guard services in 8-48 hours as well as temporary facilities and maintain these services throughout the emergency period. We offer turn-key emergency logistics support, including shelter/lodging, power generation, potable drinking water, food services, communications networks, security services, laundry services, and ablution (washing, toilet, shower) services in affected areas and debris removal services.
